Washington, D.C. 20005

Dear Judge Schwartzer:

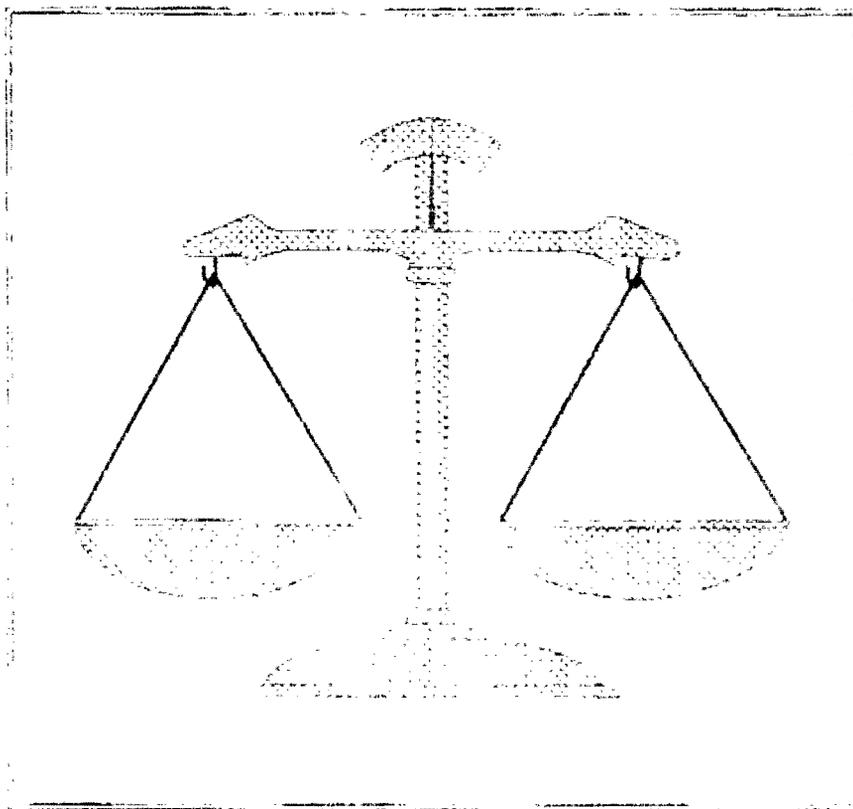

As a follow-up to my earlier correspondence with regard to our implementation in the Northern District of West Virginia of the provisions of the Civil Justice Reform Act of 1990, enclosed please find our fifty-seven page preliminary draft, with several Exhibits. This draft, which will be referred to as the August 30, 1991 draft, is being submitted to the expanded Executive Committee of our Advisory Group. It is our understanding that the Chairman will call a meeting of the expanded Executive Committee on or about September 11. The views of this group will then be presented to Magistrate Judge John W. Fisher, II, our lead Reporter and will be incorporated in a proposed final draft. The final draft will be submitted to the membership of the entire Advisory Board for their review. Shortly after this final submission we will have a meeting of the Advisory Group, hopefully to adopt a plan for the Northern District of West Virginia.
